

# Got that crazy mixed up feeling over recent delivery problems? Don't call a shrink, call 303 344-8641

"You are feeling sleepy - I'll count to ten and then you'll go into a deep sleep and when I snap my fingers you'll awake and all your anxieties will have vanished!"

Ever wished someone could just snap their fingers and sort out all the confusion and nagging questions in your life, like 'how do I find my "inner self?' or simply, 'how do I separate 250,000 packs of jellybeans from 400,000 marshmallows in time to make an urgent delivery?'

Well, this is one therapy session that you won't have to hop onto the couch for, just call Elite Services, and we'll help put your mind at rest by telling you all about our cost effective and efficient Sort and Segregate service.

But be careful - it could blow your mind!
